#### **New Business:**

Black shoes: we have 14 pair of shoes we cannot use and do not have room to store. Xan Landsittel recommended that we sell them to the Covington HS Marching band. Mike Leggit made a motion to sell the shoes to the Covington Band for 1\$. Xan Landsittel Seconded the motion. The motion carried.

Ben Kirk thanked the parents for their generosity and kindness to the Covington HS Band over the last month.

We met with the football boosters about a storage building that would give us 800 Sq Feet of storage. The building would house the football field equipment and mower and the football boosters would be responsible for 1/3 of the cost.

Questions were - is it a pre-fab storage building? Yes, it is a kit. It would match our concessions building and have a matching metal roof. Would it have a concrete floor? No it would have a raised floor. Will there be a divider? Yes, we would have a divided building. They would have their own entrance. It is a 12x24 building. Would it be big enough to store merchandise in the off season? Yes, the plan is to store merchandise and color guard equipment. Would it have to be painted and will it have a moisture barrier for under the mower? It will be painted to match the concessions and were not sure what flooring is under the mower. Will it take over the space besides the concessions? The building will take 12 feet of space and should leave 8 feet of space near the track.

We will table the discussion to next meeting and have the information about the floor and the height next meeting.

Tow vehicle: Equipment

Covington Band treasurer contacted David Duncan about food for the band at the Covington football game.

**Director's Remarks** – To the literal army of adults at band camp... “Thank you thank you thank you.” We so appreciate you taking care of the kids and all the millions of things you did during band camp. Very close to having a contest schedule. I should have everything by the last week of August. The football Schedule is on the Munford High website and shouldn't change. We are excited about the show and paying homage to those who paved our way?

Parent asked: Do we go to all the away games? The staple answer is yes but some of the away games have transportation issues and stadium issues.

Parent asked: How are the kids doing? If we could get them outside, we would be ok. We are slightly ahead on our musical preparation but behind on our movement.

Parent asked: does our field look better than the football field? The football program had an issue with their mower. It is corrected now and the field should improve greatly in the coming weeks.

We will most likely not wear uniforms until our first competition late in September. Until then we will be in blowout attire.
